

CAPABILITY STATEMENT

Consulting | Training | Security

Core Capabilities

IT Consulting Services

WITS, at its core, has a mission to solve problems as they arise and proactively prevent them from happening in the first place. Our team is certified across various technologies and methods, including the following service offerings:

- ❖ Microsoft Windows domains and networks
- ❖ Linux workstations and back-end servers
- ❖ VMware virtualization
- ❖ IT project management ITIL® service delivery

Training and Education

WITS has strong resources in providing training services and educating both existing personnel and aspiring individuals who seek to better themselves. WITS can provide support and the following tools to any organization with education needs with the following:

- ❖ Instructional and Classroom Technical Design
- ❖ IT training and instruction
- ❖ Bilingual (Spanish-speaking) instructors

Security Services

WITS boasts experienced professionals in both physical and cyber security domains. WITS can provide the following tools to your organization:

- ❖ Network penetration testing
- ❖ Vulnerability assessment
- ❖ VIP Security Assessments and Solutions
- ❖ Physical security assessment of offices and other facilities

BRIGHTER IDEAS – GREATER INNOVATION

Winter Information Technology Services, LLC, delivers technology and training solutions to commercial, not-for-profit, and government entities. Through our consulting and training services, our customers will find the right solutions to challenging problems, achieve better performance, and simplify business operations.

Our company is dedicated to providing services that achieve your goals. WITS will work with you and diligently engage with your team to meet your needs on time and on budget.

WITS is a brighter idea because we provide:

- ❖ Personalized, custom solutions specific to your challenges, not one-size-fits-all approaches
- ❖ Results that are paired with simple, effective processes
- ❖ Requirements-driven consulting, focused on customer success

Past Performance

COMMERCIAL CLIENTS

AvalonBay Communities, Inc. (2016 - 2020)

WITS, LL was contracted to perform a “black-box” network penetration test, specifically one which simulated an attacker or insider threat from within the client. WITS worked with the customer first to determine the scope of the test and then performed the assessment onsite. At the conclusion of the onsite testing, WITS delivered a final written report to trusted agent. A review meeting was then held to discuss what remediation actions were required afterward.

Solvere One (May 2019 - May 2020)

WITS provided both senior system administration on Microsoft Windows clients as well as networking engineering support to Solvere. WITS also provided an Information Systems Security Officer (ISSO) to Solvere, who provided the following:

- ❖ Risk and Vulnerability Assessment (RVA)
- ❖ Analysis of existing IT systems architecture in support of remediating compliance issues
- ❖ Desktop management services for a Windows network
- ❖ Consulting on IT Systems development to support future initiatives
- ❖ Complete overhaul of existing security policies (to include full update of Site Security Plan and related documents)
- ❖ Security Policy compliance oversight and review
